

# GS1 Malaysia Industry Talk

## How GS1 can Track & Trace and Visibility in Healthcare Industry

### Did you know?

- To ensure **patient safety**, it is vital that the **correct medicine** is dispensed to the **right patient**, in the **right way**, at the **right time**, using the **right route**
- Concerns** about **patient safety and rapidly escalating** Healthcare costs have resulted in authorities and all healthcare stakeholders taking action to **address important challenges in the healthcare sector**
- Usage of GS1 standards** can **improve efficiency** in the healthcare sector by **reducing operational and inventory costs** whilst increasing service quality and **better healthcare management**
